Happy New Year!

The Notre Dame Chapter of ASM would like to wish you a Happy New Year.

Are you being published? Have you been promoted? Are you retiring? Does your company have a job opening? Do you have announcements you would like to share with ASM-ND Chapter? If so, please e-mail me so we can put it in the LINK! Contact Tim Conrad at tlconrad@gmail.com.

The members of the Executive Board want to hear from you! What meeting topics would interest you? Is there a plant tour you or someone else would like to give? Is there a topic you are an expert on and would like to share your knowledge with the other chapter members? Let us know! We are always open to ideas from our members. Contact Tim Conrad at tlconrad@gmail.com.

Member News: Correction

The Notre Dame Chapter of ASM would like to apologize to Sarah Leach for spelling her name wrong on the last announcement. The announcement should have read:

Sarah Leach recently had a paper accepted for publication in Acta Materialia titled "Edge and finite size effects in polycrystalline ferroelectrics". Acta Materialia 59 (2011) 191-201.

Tech Session for Investing

Recently a long time member of our professional society Wayne Farrington passed away. The Notre Dame Chapter of ASM would like to express our condolences to the Farrington family. Additionally, Wayne Farrington had a large collection of engineering books. The Farrington family has graciously said that if any member of our society could use these technical books they could have them. Please contact Walt Hornberger at waltgeo@aol.com if you are interested. Please visit <http://nd-asm.org> and click on Member Information to read more about Wayne Farrington's life.
